NURSE'S NOTES by Karen Dean

"I delight to do Your will, O my God?" Ps 40:8

ARE YOU FULFILLED

To keep your dream alive and find fulfillment in the pursuit of it, you must allow yourself to *keep* dreaming. God gave Joseph two dreams: in the first, other sheaves of wheat bowed down to his; in the second, other stars bowed down to his. Note, he dreamed progressively higher, from sheaves to stars. Most creative people intuitively understand the importance of dreaming as a process for inspiration, motivation and fulfillment. George Lucas, creator and producer of the movie *Star Wars*, says one thing that kept him and his colleagues going during the difficult times was this: "We were always dreaming of how it was going to be." If you are not a naturally creative person, then you have to learn how to *keep* dreaming. And if you can do it with a sense of humor, that doesn't hurt. There's a story about a student riding a bicycle on a college campus. On his tee shirt was the message: "I am going to be a doctor." On the bike was a sign that also had a message: "I am going to be a Mercedes." That's somebody who had learned to keep dreaming! Andrew Carnegie, who was a Christian philanthropist during the early 1900s, said, "If you want to be happy, set a goal that commands your thoughts, liberates your energy, and inspires your hopes." In other words - keep your dream alive and it will keep you alive. When David said "I delight to do Your will, O my God", he simply meant you'll find your highest fulfillment in doing what God put you on this earth to do.
